

*" 100% ILIAS Compatibility
with the eLAIX Partner Program. "*

Aachen, 23. September 2010

Dear eLAIX users,

when in 2001 in the Aachen University of Applied Sciences, the very first lines of code were being written for the authoring tool eLAIX, little did anyone realize that one day eLAIX could be used to support practically all content creation options available in ILIAS. The success of eLAIX speaks for itself. eLAIX Version 2 has been downloaded over 3000 times. Version 3 is getting to ready to do even better!

Now with the eLAIX partner program, the remaining gaps are going to be closed, so that eLAIX becomes 100% ILIAS compatible and will remain so in respect to future ILIAS versions. As an eLAIX partner, you can help us to reach this goal with your yearly membership fee. You also profit from preferential support and have exclusive, partner-only access to download the latest documentation. Partners are listed on the eLAIX project website and have more input in the further development of the software. In the template shop of the eLAIX project website you will receive a 10% discount on all templates on offer.

Support the eLAIX project and benefit from the advantages of the partner program by filling out the partner contract on the following page and sending it to the address or fax number given below the form.

Yours faithfully

eLAIX partner contract

contractor: Dr. Harry Boldt

USt-ID: DE244823227
